NOTICE

A Notice of Intent for the following project submitted in accordance with R307-401-1, Utah Administrative Code (UAC), has been received for consideration by the Director:

Company Name: Morgan Asphalt, Inc. dba Knife River Corporation
Location: Morgan Asphalt, Inc. dba Knife River Corporation - Grantsville Pit –
Approximately five miles northwest of Grantsville on US 138, Grantsville, UT
Project Description: Morgan Asphalt, Inc. dba Knife River Corporation (Morgan Asphalt) operates the Grantsville Pit in Tooele County. Equipment at the facility includes crushers, screens, conveyors, off-highway mobile equipment, and a wash plant. Aggregate is crushed, screened, washed, and stored before being trucked off site. The facility can produce up to 650,000 tons of finished aggregate products per year. Morgan Asphalt has requested the following changes to Approval Order DAQE-AN159530001-22 dated November 16, 2022: add one tertiary impact crusher, add one tertiary 8' x 20' screen, replace one 7' x 20' secondary screen with one 8' x 20' secondary screen, and replace one 7' x 20' tertiary screen with one 8' x 20' tertiary screen.

The completed engineering evaluation and air quality impact analysis showed the proposed project meets the requirements of federal air quality regulations and the State air quality rules. The Director intends to issue an Approval Order pending a 30-day public comment period. The project proposal, estimate of the effect on local air quality, and draft Approval Order are available for public inspection and comment at the Utah Division of Air Quality, 195 North 1950 West, Salt Lake City, UT 84116. Written comments received by the Division at this same address on or before November 6, 2026, will be considered in making the final decision on the approval/disapproval of the proposed project. Email comments will also be accepted at lbmason@utah.gov. If anyone so requests to the Director in writing within 15 days of publication of this notice, a hearing will be held in accordance with R307-401-7, UAC.

Under Section 19-1-301.5, a person who wishes to challenge a Permit Order may only raise an issue or argument during an adjudicatory proceeding that was raised during the public comment period and was supported with sufficient information or documentation to enable the Director to fully consider the substance and significance of the issue. **Date of Notice: October 7, 2026**
